

BEYOND CONSENSUS:

A SCIENTIFIC DEBATE ON
PROPHYLAXIS IN VWD

Wednesday, February 4, 2026 | 13:00–14:00 GMT

The Convention Centre, Dublin, Ireland
EAHAD 2026 Congress

Join our expert panel of speakers who will foster a dynamic dialogue to explore and evaluate differing perspectives on routine prophylaxis for patients with severe VWD as demonstrated by patient case studies

Opening the Dialogue: 100 Years of VWD

- **Professor James O'Donnell (Chair)**
Royal College of Surgeons in Ireland, Dublin, Ireland

Prophylaxis in VWD: A Case for Routine Intervention

- **Professor Flora Peyvandi**
University of Milan, Milan, Italy

Prophylaxis in VWD: A Cautious Approach

- **Professor Frank Leebeek**
Erasmus University Rotterdam, Rotterdam, Netherlands

From Data to Dialogue: Let's Discuss!

Debate between speakers, moderated by the Chair

VWD, von Willebrand disease.

This EAHAD-authorized symposium is initiated, organized, and funded by Takeda, and is intended only for healthcare professionals registered for the EAHAD 2026 Congress. Treatment-related statements do not necessarily reflect Takeda's position, nor are they necessarily in line with the approved labels in all countries. Some products mentioned are not registered or available for sale in Ireland. Please refer to the respective Summary of Product Characteristics or treatment recommendation in your country.
